DEDICATION

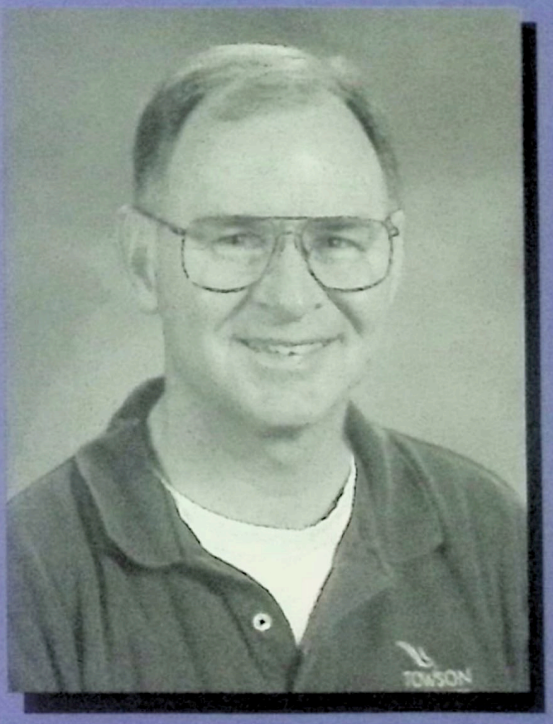
The Cornerstone staff is pleased to announce that this year's yearbook is dedicated to two outstanding individuals who together have served MSD more than fifty years.

Loretta Ambush

Loretta L. Ambush began work in November of 1972 as a food service aide. Loretta is always ready, always here, and for many of her thirty years has received letters of commendation for having used no sick leave during the year. In 1987 she was recommended to a supervisory position. Students and staff have come to rely on Loretta because we can always count on her to be here every Sunday and any time that the weather is bad, often reporting extra early to work in order to help out during severe storms. During the worse weather conditions Loretta always makes it here. Everyone has learned to depend on Loretta's humor, her reliability, and her dedication to enjoying working with the students.

Harold Gamble III

The second honoree is Dr. Harold "Hal" W. Gamble. Hal joined the Maryland School for the Deaf in the fall of 1979 after having taught at the Missouri School for the Deaf. Hal's first assignment at MSD was as a reading teacher in the High School Department, a position in which he served with distinction until the fall of 2001 at which time he moved to the Middle School as a reading teacher. He is well known for always being at work, always ready, and arriving early in order to be thoroughly prepared. Hal has also been a member of the Frederick Community College faculty for many years and from Missouri he brought with him the idea of the Senior/Faculty Softball Game that was held for many years in the 1980s.



We thank both the honorees for their many hours of hard work and dedication towards making the Maryland School for the Deaf a better place for all of us!

Congratulations Members of the Graduating Class of 2003!

Each of you have reached a critical milestone in your lives: High School Graduation! MSD has much confidence in each of your individual abilities and talents as you move on to the next "chapter of life".

In a post 9-11 world fraught with so many dangers, our country has begun to tackle many challenges on an international scale. Al-Qaeda terrorist cells are now scattered all over the world, but continue to be lethal as ever. North Korea now has nuclear weapons manufacturing capabilities, and Iraq may have in possession weapons of mass destruction. Israel and the Palestine Liberation Organization are at war that is escalating; and nuclear nation-states India and Pakistan continue to quarrel over Kashmir.

It is with much hope that you and others in your generation will contribute to and most of all uphold our country's rich history in fighting terrorism everywhere and preserving peace and prosperity both at home and abroad.

Members of the MSD Community are honored and proud to be part of your "MSD Education", and you are always welcome to visit us and share your "world" experiences with our younger students!

Best wishes,

James E. Tucker

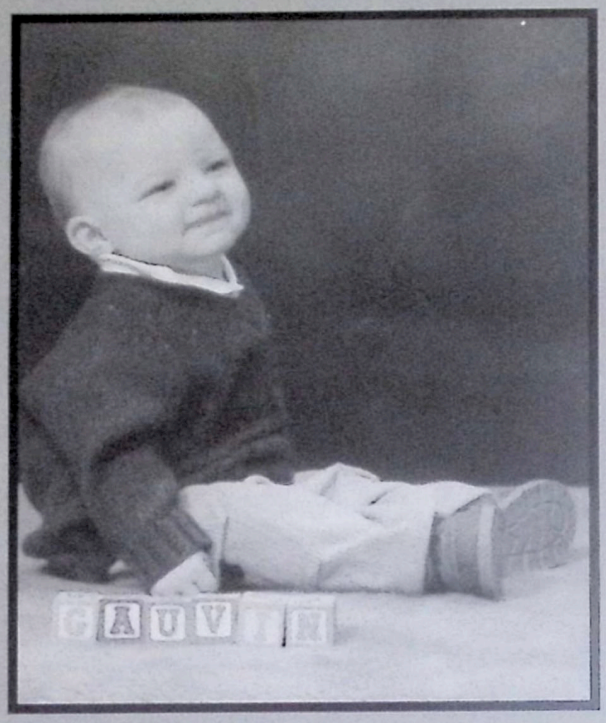
Gauvin Hughes McCullough

November 22, 2001–December 29, 2002



Remembering Gauvin, we all see a little guy with a cherubic face. Gauvin was a member of the infant Class at Maryland School of the Deaf's Family Education Department in the fall of 2002. The name Gauvin means "white hawk" and he had a name sign befitting this description. His big sister, Jehanne, is a student in the Elementary Department. Gauvin's memory lives on with us through the continuing contact with and support of his dear family.

Brittany M. Jenkins

August 26, 1994—January 20, 2003

Today my Angel has gone away
She has left me here to stay
I could not Love her pain away
Only God could take that away
I had her for 8 wonderful years
When I remembered that children are angels
Borrowed from God above
Who are sent to spread
His Love!
I will miss you my Love
My Angel from above
One day we will be together again
My Love, in Gods Great Heavenly Kingdom Above!
So until we meet again
My Love
Look down on me from
Heaven above
And all ways remember
You are My Angel, My Love
Love, Mommy

The Frederick Elementary School was indeed blessed to have had Brittany in the program since the fall of 1999—four years of wonderful memories. We will always remember the little perky girl with long, curly blonde hair and how she loved to hug all her friends. We will always remember her vast collection of stuffed animals and dolls that she brought with her to school everyday. We will always remember how much she loved the talk with her friends, both young and old. We will always remember that she was happiest when she was outside playing with her friends. She was definitely a joy to have in the Elementary Program.

Beverly Ann James

August 30, 1951–Feburary 7, 2003

We remember Beverly Ann James who worked as a line server at MSD and who also had a part time job at Wal-Mart in Frederick. She was a member of Asbury United Methodist Church and sang in the Soul on Fire Gospel Choir. Surviving, in addition to her husband, Otis James, and her mother, Hattie G. Wars, are two daughters, Shelia Walker and Christina Perry. We will miss her!

Tewodros "Teddy" Assefa

Teddy came to the United States in December 2001. After evaluation and testing, he was accepted by the MSD in August 2002. At the beginning, it was a challenge for Teddy. He did not have the language or the sign language skills. But as he started learning simple fingerspelling and a few signs, he did not take long to build his confidence. As he moved in as a residential student after few weeks of attending as a day student, he started socializing with other students.

Now he is happy. He loves his school and his friends. His goal is to be a good mechanic. He is also good at math. We are happy to see Teddy's life changing day by day.

We love you, Teddy, and we are proud of you!

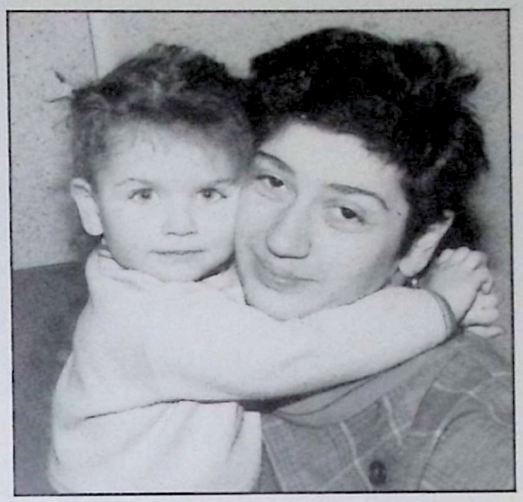
Auntie Juawana
I LOVE YOU

Milana Grinman

Milana,



We've been through so much together moving here to America, finding NYC, and especially making frustrating after frustrating attempts finding the right school for somebody of your caliber. We looked all over NYC, only to be disappointed by what the board of education could offer us. I spent so much time fighting the Board of Education for your right to obtain an education that truly reflected what I knew to be your inborn intelligence. It was difficult to accept that the solution meant seeing you leave home for a much better high school so far away in Maryland. You know how a mother feels when her one and only daughter is far away. But I never felt I made the wrong choice, because during your two years at the MSD, I saw you quickly becoming an intelligent and creative young adult.

Now you are graduating, and I, your mother, cannot express enough how proud I am of you and all your accomplishments (four awards in one year! Wow! You have stunned even me!) I also was so impressed with how you handled your involvement in the Congressional Student Leadership Conference – you changed a potentially bad emotional experience into a positive one. That shows me how independent and mature you are. And, now, as a mother of a daughter who will be attending college, I cannot wait to see what new surprises and discoveries you will make. There is not a prouder mother than I, and I will love you forever. Love,Mama

CONGRATULATIONS, MILANA!

I AM VERY PROUD
OF YOU,
NOW AND ALWAYS.

I LOVE YOU VERY MUCH!

DAD

Whoo! I'm very thrilled that I just completed my biggest responsibility as editor-in-chief of the 2003 Cornerstone yearbook.

As the editor-in-chief, I enjoyed working with my yearbook staff, and taking pictures of students and athletes.

I would like to recognize each staff member and their skills that are unique to our yearbook:

SHANNON MCDONALD and JENNIFER PERRY are creative and artistic.
AMY DWYER and KEVIN GAHAGAN are always "on the go."
ANTHONY MEADOWS does an excellent job with layout and updates the staff with new issues related sports.
MAGDALENE MCLAUGHLIN completes her tasks on time.
JEFFREY RALLS is great at organizing things.
MEGAN HARTLOVE and JENICA VONGARREL often debate and find ways to improve the yearbook.
TABATHA KING is a "team" member who works well with her peers.
KADIAN FOSTER is the staff's "gadget" inspector.
MARTISE COLSTON makes jokes that lighten up the yearbook class.
MILANA GRINMAN is a "picture" expert who is open to discussion about how things should be done.
TEACHER LORRAINE STOLTZ is delightful and flexible with my plan for an excellent yearbook.
TEACHER AIDE LARRY NEWMAN is a desktop publishing expert who knows all the techniques.

Without them, this yearbook wouldn't happen!
Aloha, GISELLA TOMITA, EDITOR-IN-CHIEF
